

November 6, 2021

Town of Red Hook Tree Preservation Commission volunteers David Grover and Hop Michael stand next to one of six trees that were planted on a beautiful November afternoon at Rec Park west.

Beginning in 2020 the tree group, the Rec Park Board and Mr. John Kuhn have worked to develop a landscaping proposal for the new rec park unit. The plan, which will be completed in 2023, includes a mix of flowering ornamentals and specimen trees.
